

Hands-on Workshop on Tools and Methods for Functional Neuroimaging Using EEG and fNIRS (Electroencephalography & functional Near-Infrared Spectroscopy)

School of Biosciences and Bioengineering (SBB), Indian Institute of Technology Mandi,
in collaboration with Aerobe Pvt Ltd.

Featured Technology

- Electroencephalography (EEG)
- Functional Near-Infrared Spectroscopy (fNIRS)

What You Will Do

- Set up EEG & fNIRS from scratch (live demo)
- Acquire synchronized multimodal data
- Preprocess and Data Analysis

Why Attend?

- Live simultaneous EEG–fNIRS acquisition
- Research-grade systems (not demo kits)
- Real data analysis pipeline in one session

For pre-registration
